

RACING ENHANCER

ABS, TRC, VSC DISABLER

IMPORTANT!

- Do not discard this manual. At back is your warranty claim card which cannot be reissued.
- This product will not adversely affect other OBD devices, but 3rd party OBD devices may interfere with this product. To ensure flawless operation, connect the VSC86 exclusively — don't connect 3rd party OBD devices along with it.

INSTALLATION

ENABLE

- ① Confirm that the engine is warm.
- ② Turn ON the Ignition.
- ③ Securely attach the VSC86 to your car's OBD plug.
- ④ Dash meter should now show VSC and TRC lights (meaning OFF)

DISABLE

- ① With Ignition ON, remove the VSC86 from your car's OBD plug.
- ② Turn OFF the Ignition.
- ③ Start your engine.
- ④ Dash meter should no longer show VSC and TRC lights.

OPERATION

The VSC86 puts the vehicle into a maintenance mode whereby VSC & TRC functions are disabled and ABS is partially disabled — ABS still activates if the rear wheels are locked.

WARNING!

The VSC86 is designed to be a Racing Enhancer only for track use. It is not intended for normal driving. Never use on public roads because the VSC, TRC and ABS safety features will be disabled. We assume no liability in cases of car accidents, with or without the VSC86.

COMPATIBLE CARS

TOYOTA	Frame#	Model Year	Notes
86	DBA-ZN6	APR.'12 & later	Engine Warmup needed
Vitz / Yaris	P13#	DEC.'10 ~ JUN.'15	Cars with VSC & TRC

SUBARU	Frame#	Model Year	Notes
BRZ	DBA-ZC6	MAR.'12 & later	Engine Warmup needed

- VSC86 removal followed by engine restart returns car to normal mode. *If VSC & TRC lights remain lit after you restart the engine, shut down the engine and restart again, once or twice.*
- VSC86 may not function correctly if car maker updates the car by altering the body computer or if a modified body ECU is used.

ONE YEAR WARRANTY

1. The SCIBORG® VSC86 is backed by a one (1) year warranty against defective components and/or improper product assembly.
2. Repair claims are to be made through your authorized SCIBORG® dealer, unless purchased directly from KIRAMEK. KIRAMEK will repair, at its discretion, faulty products free of charge. However, if on-site service within Japan is required, user will be charged travel expenses.
3. To obtain a free warranty repair during the one (1) year warranty period, you must: (1) fill out the Claim Form on the back of this manual, (2) have proof of purchase, and (3) have the defective VSC86 product. Warranty is void if you lose or deface the Claim Form on the back.
4. If your dealer becomes inaccessible or if your car came with the VSC86 installed without documentation, please consult with KIRAMEK to determine what repair options are available.
5. This warranty covers the cost of repair only. Any shipping fees to or from the customer must be born by the customer.
6. A repair fee will be charged in the event of any of the following:
 - Water, oil, dust inside the product.
 - Careless installation and/or use by the user.
 - Repaired (outside KIRAMEK) or modified.
 - Dropped or shock-damaged.
 - Damaged by natural disaster (fire, lightening, etc.).
 - Has been installed in incompatible cars.
 - Lost or damaged Warranty Claim Card (back of this manual).
 - No proof of purchase.
7. This warranty is intended for sales within Japan. Special exceptions can be made for sales direct from KIRAMEK to overseas destinations.
8. Your Warranty Claim Card cannot be reissued, so keep it safe.

⚠ YOUR RIGHTS. Our firm is based in Japan. This warranty does not limit your legal rights, although such rights must be in accordance with Japanese law. This warranty is intended to specify what can be repaired, with or without a fee. Contact your dealer if you have questions or find problems with this documentation. Our company assumes no liability whatsoever in the case of car accidents, in the absence of presence of our product(s).
